

Festival Latino of the Berkshires is moving!

Press release submitted by Liliana Ortiz- Bermudez, 413-717-1096

DATE, GREAT BARRINGTON, MA: Festival Latino of the Berkshires is moving! After twenty-three successful years in Lee, the Festival's new home will be in Great Barrington. The Festival will take place on Saturday, September 28, 2019 from 12:00-6:00pm at Saint James Place, <https://saintjamesplace.net/>, and at the bandstand behind Town Hall.

In order to take full advantage of the new location, the Festival Latino is expanding. At Saint James Place, there will be live performances and 'Latin American Street Art', a display of student artwork. Behind Town Hall, there will be Latin cuisine vendors, artists and artisans. In the bandstand, there will be language, dance, music and cultural educational activities. And in the evening, there will be the traditional gala with music and dancing at Eastover Estate & Retreat, Tally-Ho Building.

For twenty-three years, the Festival Latino has been known for its high-quality performances and community spirit. It has created a legacy! People from all over the region come, including Spanish language students and teachers from Williamstown to Ashley Falls, everyone with the purpose of enjoying and celebrating the diversity of Hispanic Heritage and Culture in the Berkshires.

The Festival organizers are looking for support: volunteers to help develop and implement the Festival, and community groups that are interested in participating in the Festival, as well as tax deductible gifts (which can be mailed to: Festival Latino of the Berkshires, P.O. Box 1021, Lee, MA 01238). There are also openings on the Festival Latino's Board of Directors. The Festival Latino looks forward to continuing and growing for future generations to enjoy and celebrate Hispanic Culture in the Berkshires.

For further information please contact the festival coordinators, Liliana Ortiz-Bermúdez at 413-243-3961 & 413-717-1096, and Ruby Maldonado at 413-717-0791. Or visit www.festivallatino.org
